

MOKE®

LOOK BOOK MEXICO 2025

A BREATH OF FRESH AIR

In a MOKE you have time to take it slow, to enjoy life's journey. Designed for the most beautiful places on the planet, the Electric MOKE's whisper-quiet, sustainable drivetrain makes it the ideal companion for lovers of beautiful destinations.

THE ELECTRIC MOKE

TOP SPEED

80km/h

POWER

33 kW*

* Maximum power of 33Kw proves plenty for a vehicle that weighs under 800Kg

UNPLUG

A woman with dark hair, wearing a yellow top, a white cardigan, and denim shorts, is smiling as she plugs a charging cable into an orange electric golf cart. The cart is parked on a paved area next to a marina with several boats docked in the background under a blue sky with light clouds. The cart has black seats and a white roll-over protection structure.

CHARGE

4 HOURS*

RANGE

100 kilometers**

** The official WLTP 'Combined' range. Real world testing for cities and coastlines produces results of 72-129km.
